Introduction

A number of doctoral dissertations dealing with peace education, multi-cultural education and related areas are listed. Most of the dissertations are written in English or German and were presented during the last two decades.

Some information on abstracts and ordering possibilities has been added. This information may take the following form: (52/08A, p. 2731, 92-03554). This means: (1) If you want to read an abstract or summary of the dissertation, look at Dissertation Abstracts International (Series A: The Humanities and Social Studies), Volume 52, Number 8, page 2731. (2) If you want to order the dissertation in microform or as a printout (paper copy), use order number 92-03554. In these cases, order from: UMI Dissertation Services, 300 North Zeeb Road, Ann Arbor, MI 48106-1347, USA.

Some dissertations from India on non-violence, Mahatma Gandhi and related topics are listed separately in an appendix (with Hindi titles translated into English).

Most of the basic list was compiled through the editor's library search (using the University Library in Lund, Sweden, British Library in London and the University Library in Vienna). Some PEC members have added titles from their own experience. PEC Council member Anima Bose, New Delhi, has sent me the titles in the appendix, gathered with the help of Dr. Sutinder Singh of the Association of Indian Universities and Prof. S. Dey of Jawaharlal Nehru University. (The translation from Hindi to English has been made in Malmö.) – My cordial thanks to all those who have assisted in the compilation of these lists.
